ROGUE

Rogues are professional thieves, highly skilled at cutting purses, picking locks and disarming traps. They are unmatched in stealth and cunning, and there's rarely anywhere they can't go. If they do find themselves in close combat they prefer to attack unseen, taking the enemy by surprise.

CAMOUFLAGE

1 While in contact with a wall you cannot be targeted until end of round. Enemies can move through adjacent squares without stopping or suffering AoO but cannot end a Move in contact with you. You do not block LoS.

2 Make a Move or Ranged Attack. Then, while in contact with any terrain you cannot be targeted until end of round, as above.

3 While not in contact with an enemy you cannot be targeted until end of round, as above.
Passive Reaction: At any time while this Skill is active (including midway through an enemy Move) make a Ranged Attack and become Fatigued.

DISTRACTION

1 A character in medium range and LoS is Fatigued.

2 Make a Ranged Attack/Throw. Target or other enemy in short range of target suffers 2 Fatigue in addition to other effects. Then Move.

Passive: If Staging Point is swapped with Entry Point, roll twice and choose result.

3 **Reaction:** Use before/after enemy enters LoS/arrives, interrupting Move if necessary. This character may take a free turn. Friends in short range may take one action. Any of these actions targeting arriving enemy have +1 die.
